

Upcoming Western, Reining & Sports Medicine Clinic
With Pam & Hoyt Rose
At Domino Stables, Baraboo, WI

- 12:30 p.m. Niagara Equissage demonstration
 Game Ready Cold Compression Therapy system demonstration
- 1:30 p.m. Western Pleasure & Reining

The Wisconsin Arabian Horse Association has recently begun offering free educational clinics each spring and fall. These clinics are open to the general public free of charge.

This year, our fall clinic will be held November 15th at Susie Weiss' Domino Stables in Baraboo, Wisconsin. Susie's brand new indoor arena and barn will provide an excellent place for us to host the clinicians and attendees.

The clinic will open with a brief demonstration of alternative therapies designed to help our equine athletes perform at the top of their games. The Niagara Equissage system will be demonstrated along with the Game Ready Cold Compression Therapy system. Both systems are non-invasive and do not involve any medications.

Following these presentations, a training clinic will be conducted by well-known Reining and Western Pleasure trainers Pam and Hoyt Rose. They will discuss various techniques and strategies to improve performance in those divisions.

Haul-in spots are not available for this clinic, but everyone is welcome to attend free of charge. WAHA will provide light refreshments. For further information, contact WAHA President and Clinics Committee Chair, Jessica Cole, at 262-672-9742
